

The background image shows a military scene in a desert. A large, multi-wheeled military vehicle, possibly a transport or engineering vehicle, is the central focus. Two soldiers in camouflage uniforms and helmets are seated on the vehicle's roof. Another soldier is visible in the foreground, partially obscured by the vehicle. The scene is set in a sandy, arid environment with some structures in the background. The entire image is covered with a semi-transparent orange filter, and a solid red horizontal bar is at the top.

# CHAPTER 2

## CONCEPTS AND ORGANIZATION

## **CONCEPTS AND ORGANIZATION**

---

### **INTRODUCTION**

The Navy-Marine Corps Team is engaged in a focused, long-term transformation that will allow us to respond to a changing national security environment. This transformation is dedicated to greatly expanding the worldwide, sovereign options available to the President of the United States across the full spectrum of warfare, by exploiting one of our nation's asymmetric advantages, control of the sea. To this end, this chapter addresses our current warfighting concepts.
